CLIENT FAQ & GUIDE — PART I: PLATFORM OVERVIEW & CAMPAIGNS

Welcome to BrandPulse Media: This guide provides clear answers about our advertising software platform, campaign management tools, pricing plans, and global office locations.

1. Platform Features & Campaign Management

Q1: What is BrandPulse Media and who is it designed for?

BrandPulse Media is an all-in-one advertising and marketing management platform built for growing businesses, retail brands, and marketing agencies. It helps you create, launch, and monitor advertisements across social media, search engines, and display networks from a single dashboard.

Q2: Do I need prior design experience to create ads using your platform?

Not at all. BrandPulse Media includes a drag-and-drop ad builder preloaded with hundreds of professional templates for Instagram, Facebook, Google, and YouTube. You can customize text, images, and brand colors within minutes.

Q3: How does BrandPulse help me track which ads are making money?

Our real-time analytics dashboard tracks clicks, customer purchases, and sign-ups in one clear view. It automatically highlights which advertisements are bringing in the highest return on investment (ROI) so you know where to spend your budget.

Q4: Can I schedule my ad campaigns in advance for holidays or product launches?

Yes. Our campaign calendar lets you map out your marketing schedule weeks or months ahead of time. You can set specific start and end dates, and our system automatically launches and pauses your ads on schedule.

2. Pricing Tiers & Billing Options

Q5: What pricing plans does BrandPulse Media offer?

We offer three flexible tiers tailored to different business sizes: the **Starter Plan** for small local businesses, the **Growth Plan** for scaling e-commerce brands, and the **Enterprise Plan** for large agencies managing multiple client accounts.

Q6: Are there any hidden fees or commissions taken from my advertising spend?

No. We believe in complete transparency. You pay a predictable flat monthly or annual software subscription fee. We never take a percentage cut of your ad spend budget.

Q7: Can I change or cancel my subscription plan at any time?

Yes, you can upgrade, downgrade, or cancel your subscription directly from your account settings at any time without penalty. If you cancel, your access continues until the end of your current billing cycle.
